THE DUTCH DID IT

HOW WILSON CAME TO BE ELECTED PRESIDENT.

ALL IS EXPLAINED AT LAST

Interesting Entertainment at St. Mary's Church Monday Evening—"The Pride of Virginia."

St. Mary's church hall was crowded to its utmost capacity Monday night by an audience that appreciated every act of the four-act comedy, "The Pride of Virginia," presented by the dramatic club of St. Mary's church, which is mainly composed of the members of the choir. The Maryville orchestra played several numbers before the play began and between the acts, and just before the curtain rose on the play the dramatic club sang a fine chorus, "Come Where the Lilies Bloom."

A specialty introduced, "It Was the Dutch," by four real Dutch girls in costume, Mildred Binter, Gertrude Kirch, Katharine Zech and Teresa Shonley, brought forth applause that demanded more, and the charming quartet sang again, when a new verse was introduced by Carlos Yehle in Uncle Sam's costume that let out the secret of how it all happened that Woodrow Wilson swept the whole country—"It was the Dutch elected Wilson, it was the Dutch." So there you are. From the storm of applause that followed, the Dutch surely did it, and Carlos had to sing the good news several times before his hearers would let him go, and he carried a large banner with the picture of the president-elect upon it with apparent pride.

It would be too much of a task to go through the cast of characters and tell the good points each one had in giving their particular parts. But it should be enough to say that St. Mary's dramatic club has some talent that would be a credit anywhere. It was an excellently rendered play, and each one is entitled to praise, and each one is entitled to all the good words they are receiving today. The story of the play is a chapter of romance from civil war history in Virginia, containing scenes that would stir the fires of patriotism in any one. The cast was as follows:

Capt. Robert Farliegh, U. S. A., a Virginian who is loyal to the old flag.. .....Hubert Zech
Luke Ransome, a rebel spy in the Federal camp.....Will Blatter
General Haverill, U. S. A.....Will Linneman
Michley, a "poor white"...John Gross
Ezekial Grubbins, from "way down in Maine".....Noah Thompson
Old Uncle Joe, imaginative coon.... .....Fred Thompson
Arthur Trevallen, a young hopeful.. .....Paul Thompson
Virginia Graham, a daughter of the "Old Dominion".....Bertha Kirch
Mrs. Trevallen, a marriageable widow later Mrs. Ezekial Grubbins.. .....Theresa Yehle
Kitty Cloverdale, the general's niece, a charming rebel.....Alvin Herwick
Period—The civil war.
Place—Washington and Shenandoah valley.

Manual Training Exhibit.

Each term's work in the manual training department of the Fifth District Missouri State Normal develops into better work and better designs. As proof of this the director of the department has arranged the articles made by the bench work classes of the fall term in room 103 in the Normal building and extends an invitation to the student body, the faculty and the rest of mankind to drop in at any hour on Wednesday and inspect the work.

To Have Court in Arkoe.

A session of town court will be held in Arkoe this evening before J. T. Goff, who is chairman of the board of trustees of that town. Last Wednesday a free for all fight was held in that town between Sam Schneider and Ray Rainey on one side and John and Roy Jackson and Albert Collins on the other side. W. A. Blagg and Ellis Cook went to Arkoe this evening, where they are to represent parties in this case.

DR. STUART ON NOVEMBER 30.

The Popular Lecturer Will Be Here at That Time to Give Second Number of Course.

On account of the Thanksgiving vacation, Dr. H. K. Taylor attempted to change the date of the lecture of Dr. George H. Stuart, who will appear as the second number of the Normal lecture course, on Saturday night, November 30. But owing to complications in the doctor's itinerary it was impossible to make that change. The people of Maryville will be mighty glad to hear the popular lecturer of the 1912 Chautauqua at any time.

TO CLOSE WEDNESDAY.

Normal Fall Quarter Has Been a Success—Winter Quarter on Monday.

The fall quarter of the Northwest Normal, which closes Wednesday, Nov. 27, has an increase in the enrollment as compared with the fall term of 1911 of twenty-six. Although that is not a phenomenal increase it demonstrates the fact that the enrollment of the school is slowly but surely climbing.

Practically all the fall students will return for the winter semester, and the school authorities have received a goodly number of communications from prospective students for the winter quarter, which opens on Monday, December 2.

THREATENED A BAD FIRE.

Coal in the Furnace Room of Mrs. Laura Beal's Residence Caught Fire Saturday Evening.

The residence of Mrs. Laura Beal, on East Fourth street, narrowly escaped burning Saturday evening. While Mrs. Beal and Misses Allie and Bertha Beal were sitting in the library that evening about 7:30 o'clock, they noticed the smell of burning pine. On investigation they found the coal on fire in the furnace room, which is under the library. The flames were leaping to within an inch or two of the ceiling of the furnace room, and would soon have caught the floors above.

It is supposed the coal caught from burning soot, for the furnace flue was found to be cracked from excessive heat, and it is supposed the burning soot dropped through on the coal. A small pine board standing against the flue was also burning, and the coal may have caught from it. It is certain the fire was not caused by combustion, as the coal had been in the fuel room but a day or two.

The fire was extinguished by the use of garden hose at the Beal place, and neighbors came to assist and had the fire out before the arrival of the fire company. It was fortunate the fire started when it did, as the smell of burning pine would not have aroused the family from sleep. No damage was done, not even from smoke, as the upper part of the house was quickly shut off when the fire was discovered.

STUDIED LAW HERE.

Jack Slate, Who Was Elected Circuit Judge in Fourteenth Circuit is Known in Maryville.

Jack Slate, who was the successful candidate for circuit judge of the Fourteenth judicial circuit of this state, is known in Maryville, as he studied law under Judge W. C. Ellison in 1887. Several persons here remembered him well. The following is a dispatch to the St. Louis Republic from Jefferson City in regard to Mr. Slate's election:

Democratic state officials are congratulating Jack Slate, judge-elect of the Fourteenth judicial circuit, on his victory over Judge John M. Williams, who ran on both the Republican and the bolters' tickets.

It was not definitely known until Saturday night that Slate had won. The circuit two years ago went heavily Republican, and it has not been Democratic for many years.

The majority of Judge Slate is about 250. Today Judge Williams sent the victor a letter of congratulation, admitting defeat.

The circuit is an important one, because it includes the circuit court of Cole county, located here. All litigation in connection with state departments commences here.

Judge Williams was appointed by Gov. Hadley to fill the vacancy caused by the death of Judge Martin, a Republican, elected two years ago.

Home for Thanksgiving.

Ralph Jamison arrived in Maryville Monday night from Waterloo, Ia., to spend the Thanksgiving vacation with his parents, Mr. and Mrs. Fred Jamison. When Ralph went to Waterloo last September he was car accountant for the Chicago Great Western railway, and held that position until he came home on his vacation trip. When he returns to Waterloo he will take a better position offered him by the Waterloo, Cedar Falls & Northern railway at Waterloo, and will be in the freight offices as checking clerk. Ralph is climbing right up, just as The Democrat-Forum thought he would. He was a valuable daily carrier for this paper and we were sorry to lose him, but we take pride in his advancement.

Sues Man for $4,000.

Miss Flora Rogers, employed as a domestic in the home of John Hoshor, southwest of Maryville, filed suit Monday against Guy Gray for $4,000 damages. The petition recites that Gray quarreled with the young woman and struck and beat her. The alleged assault took place November 8 at the Hoshor farm.

HELD FOR POSTAGE

FATE OF PARCELS WITH ORDINARY STAMPS AFTER JAN. 1.

CITY PEOPLE MUST WALK

Carriers Won't Take Their Parcels, But Country Folk Fare Better on Rural Routes.

Some new and important rulings about the parcels post which will go into effect January 1 have been received at the postoffice here.

The most important is that all merchandise which now comes under the head of fourth class mail matter will, after January 1, be under the rules governing the parcels post, and this includes all fourth class matter weighing four ounces and less. After January 1 all such matter, as well as all matter that comes under the parcels post, must bear special parcels post stamps and the name and address of the sender. Otherwise it will be treated as "held for postage." Ordinary postage stamps will not carry anything classed within the parcels post.

The rate for all fourth class matter weighing not more than four ounces will be one cent for each ounce or fraction of an ounce, and on such matter in excess of four ounces the rate will be by the pound.

Heretofore it was supposed that nothing costing less than the pound rate could be sent by parcels post.

Another ruling which the postmaster received was that farm and factory products will be admitted to the parcels post under certain regulations to be found in the parcels post guide now in the hands of the printer and to be sent to every postmaster in the United States before January 1, together with a map showing at a glance how much it will cost to send a parcel from any point to another. These guides and maps will be on sale at every postoffice before the first of the year.

Another new ruling received today is that seeds, cuttings, bulbs, roots, scions and plants may be sent through the mails under regulations as to size and weight which will be found in the new parcels post guide, but at a special rate of one cent for two ounces or fraction thereof, regardless of distance within the United States.

All parcels after January 1 must not only bear the distinctive parcels post stamp, but within the city must be deposited at the postoffice. Now a person may wrap up a parcel, weigh it and affix the necessary stamps and hand it to a mail carrier, but there will be none of that after January 1. It would make too much work for the carriers.

But under the new ruling received carriers on rural routes are authorized to receive parcels when properly wrapped and stamped. The parcel must not be more than seventy-two inches in combined length and girth.

The postoffice department will indemnify shippers for all goods damaged or lost in the parcels post.

One More Confession.

A full house and a great deal of interest was taken in the Christian church meeting Monday night, conducted by Evangelist W. E. Harman. Mrs. F. P. Robinson sang "God Will Take Care of You." There was one more confession and seven were baptized after the services and two were baptized in the afternoon. Baptismal services will be given again on Friday evening.

Mrs. E. A. Wright and Carl Wright left Tuesday for Chicago, where Carl will be examined Wednesday by Dr. Murphy, the great specialist in bone diseases. Mrs. Wright will remain with her son over Thanksgiving day and will return to Maryville the last of the week, leaving Carl to Dr. Murphy's care.

Carl left Maryville in company with his father three weeks ago for Chicago, but on arriving at Centerville, Ia., where they stopped for a short visit with relatives, they received word from Dr. Murphy that he had been called out of Chicago on professional business and would not be in that city again until November 25.

Carl was in excellent spirits Tuesday and was so anxious to go that he could scarcely wait for the train to come in. He is a fine little fellow and will more than repay the effort made in his behalf by the people of our city if the treatment is successful.

TO A SPECIAL TERM

ADJOURNMENT WILL PROBABLY BE TAKEN TO DECEMBER.

A CHURCH INCORPORATES

Petition and Articles of Agreement Filed by the Christian Scientists—Minor Cases Disposed Of.

The November term of circuit court will probably adjourn Saturday to a special term to be held on December 16. Several cases will come up at that time and two criminal cases, that of James Lane, charged with assault with intent to kill, and Charles Robinett.

David Nelson, who was charged with running a common gaming house, was tried before a jury Monday afternoon and they were unable to agree and were discharged. The cause will be tried again. The vote of the jury, it is said, stood eleven for acquittal and one for conviction.

Emmett Growney, charged with common assault, the prosecuting witness being John McGarry, was fined $40 by the jury.

The case of Roy Yeaman, charged with gaming, was tried Tuesday morning and the jury returned a verdict of not guilty.

The two cases of the state vs. Fred Green, charged with the violation of the local option law, were dismissed.

William Lindsay, charged with disturbing the peace, pleaded guilty in court Tuesday and was fined $100 and given a jail sentence of six months in the county jail. However, he was paroled for good cause shown and upon the payment of $50 of the fine and the costs in the case.

The following criminal cases were nolle prossed by the prosecuting attorney:

Jesse Hartness, charged with gaming; Glen Carter, charged with violation of local option law; Walter Huddieson, charged with gaming; Samuel Schneider, charged with disturbing the peace of person; Samuel and George Schneider, charged with disturbing the peace of neighborhood.

These cases were continued by agreement of prosecuting attorney and the defendants:

William Curnutt, charged with burglary and larceny; Arch Davis, charged with violation of local option law; Wm. Vance, charged with carrying concealed weapons; J. W. Hall, charged with carrying concealed weapons; Millard Lash, charged with carnal knowledge.

In the matter of incorporation of the First Church of Christ Scientist of Maryville, petitioners filed incorporation papers and articles of agreement.

NO WORD RECEIVED.

Unless Something in Regard to Corbett is Received This Week the Body Will Be Buried Here.

The Maryville Furniture company has received no word today from Hood River, Ore., in regard to Sam Corbett, who was killed a week ago Saturday by a Wabash freight train near Bedison. It is thought that Harry L. Moyer, who resided near Crawford, Neb., and left that place for Hood River, may throw some light on who Corbett was. Word was sent to Hood River last Saturday but no reply has been received.

Unless something tangible comes from this clue the furniture company will bury the body at one of the cemeteries here. A picture of him will be taken before this is done, however. The remains have been in the furniture company's undertaking rooms since the accident happened.

Thanksgiving.

The Thanksgiving spirit is over us now,
In praise to our Father in heaven we bow,
Giving thanks for the blessings received in the past
For the bearing of burdens on him that we cast.
We're thankful for old friends we've tried and found true,
And for stirling qualities found in the new.
We thank thee for harvests of bountiful grain,
For God's brilliant sunshine and also the rain,
For gold would be useless but for the alloy,
So we thank thee alike for both sorrow and joy.

Communication

Let the Library Board Act.

Editor Democrat-Forum: The proprietor of the Fern Theater in your issue of last Saturday objects to my criticism of moving pictures when I said that 'some of them are harmful" and he assures us that the pictures at the Fern are all good and that he never heard of a picture put out by the picture trusts that was not "uplifting" and "refined." He says that all pictures shown at the Fern are passed upon by the National Board of Censorship of New York City. I suppose that he thinks this is final as to authority. Why not have our public library, our water supply, and our street sanitation censored and passed upon by a board in New York City or somewhere else? I have seen pictures, not in the Fern Theatre, but they were censored, that are not only not "uplifting" but positively "harmful." When he says that he never heard of such pictures put out by the picture trusts I must conclude that his range of "hearing" is limited, or his standard of "uplifting" pictures is rather low. A book of vicious tendency would not be tolerated in our public library, why then should a picture of such tendency be allowed that is thrown upon canvas to be gazed at by children and young people? I wonder if horrifying railroad wrecks, domestic quarrels, disgusting love scrapes, wild west blood and thunder scenes, robberies, cartoons of many of the sacred relationships of life, and other such topics would be suitable material to bind in a volume and place in our public library? Then why place them on canvas before an audience?

The picture show is a public enterprise and I am not willing that any man or set of men making money out of the show shall pass finally upon its merits as a popular educator. Possibly some of us dealing with the education of thousands of young people have had a better chance to see the effect of some of the "refined" and "uplifting" pictures upon the children of our homes than has the proprietor of the Fern. If he shows only good pictures he ought to be the first man to insist upon a local censorship. I am not assuming such a duty but simply ask that the community be protected in so an important matter. Let the library board be empowered to act in this capacity. I am willing to risk their judgment. I have taken up this matter not to criticise or condemn anybody, or any place, and I hope that the operators of our picture shows will readily co-operate in what must seem to everybody reasonable and right. Rightfully used, I believe that the picture show may be made a valuable educator, but I, as a parent and a citizen, am unwilling that the man who is financially interested shall be the sole judge of how he shall use this public privilege.

Very truly,
H. K. TAYLOR.

IF A LAXATIVE IS NEEDED—"CASCARETS"

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper Acts on Nostrils.

Take a Cascaret tonight and thoroughly cleanse you liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

We hope this great medicine will yet be sold in every drug store in Porto Rico." For throat and lung troubles it has no equal. A trial will convince you of its merit. 50c and $1.00. FIRE DESTROYED BIG STARCH MILL

Twelve Dead, Twenty-Seven Injured in Illinois Blaze.

EXPLOSIONS COMPLETE WRECK

Property Loss Approximately $100,000—Body of One Victim Blown Into Near-by Cemetery—Under Control But Still Burning.

Waukegan, Ill., Nov. 26.—An explosion which wrecked the dry starch house of the Corn Products company's plant here killed from eight to 12 workmen, injured 27 others, several of whom will die, and caused about $100,000 property damage.

Uncertainty as to the number of dead was caused by inability of firemen to search the burning ruins because of continued minor explosions. Edward Conrad, deputy in the Lake county coroner's office, was authority for the statement that 12 men at least had been trapped in the wrecked building.

Men Known Only by Number.

Charles Ebert, superintendent of the Corn Products company's Waukegan plant, said that only three men had been killed and 27 injured by the explosion. Only 30 men had business in the starch house at the time of the explosion, said Ebert.

Ebert admitted it was possible that additional workmen not employed in the starch house might have been caught in the explosion, but said this was improbable.

Nearly all of the workmen killed or injured were Polish, Lithuanian or Austrian and they were on the company's payroll by number and not by name. This further increased the difficulties met by the coroner in his efforts to determine a correct death list.

Wreckage Widely Scattered.

The explosion tore the two-story frame top house from the five-story building and scattered bits of it for 50 yards in all directions. The body of one man killed was blown across the Chicago & Northwestern railroad right of way to the hillside in Oakwood cemetery.

All of the injured were coated with starch which had to be washed off before surgeons could treat their injuries. Private motor cars were pressed into service to carry the injured to the hospital. Firemen from North Chicago, the National Envelope company's plant and the American Steel and Wire company aided the Waukegan department in preventing spread of the fire to other portions of the big corn products plant. Although the fire appeared to be under control by night, the firemen said they expected it would continue to burn another day, with the possibility that new explosions would start it again.

The advent of the train will be the occasion of a great celebration in the town. Arrangements are being made already to make it the greatest celebration ever held in the town.

FREIGHT INCREASES SUSPENDED

Joplin Blacks Under Arrest.

Joplin, Mo., Nov. 26.—Pending investigation as to any relations he might have had with Pearl Nugent, a 17-year-old white girl, he employed as stenographer, and who committed suicide in his office, J. N. Brownlee, negro minister and real estate dealer, occupies a cell in the Joplin jail. Another negro, said to have been a frequent visitor to Brownlee's office also was arrested. Brownlee's place has been under police surveillance for more than a week.

THE DUTCH DID IT

HOW WILSON CAME TO BE ELECTED PRESIDENT.

ALL IS EXPLAINED AT LAST

Interesting Entertainment at St. Mary's Church Monday Evening—"The Pride of Virginia."

St. Mary's church hall was crowded to its utmost capacity Monday night by an audience that appreciated every act of the four-act comedy, "The Pride of Virginia," presented by the dramatic club of St. Mary's church, which is mainly composed of the members of the choir. The Maryville orchestra played several numbers before the play began and between the acts, and just before the curtain rose on the play the dramatic club sang a fine chorus, "Come Where the Lilies Bloom."

A specialty introduced, "It Was the Dutch," by four real Dutch girls in costume, Mildred Binter, Gertrude Kirch, Katharine Zech and Teresa Shonley, brought forth applause that demanded more, and the charming quartet sang again, when a new verse was introduced by Carlos Yehle in Uncle Sam's costume that let out the secret of how it all happened that Woodrow Wilson swept the whole country—"It was the Dutch elected Wilson, it was the Dutch." So there you are. From the storm of applause that followed, the Dutch surely did it, and Carlos had to sing the good news several times before his hearers would let him go, and he carried a large banner with the picture of the president-elect upon it with apparent pride.

It would be too much of a task to go through the cast of characters and tell the good points each one had in giving their particular parts. But it should be enough to say that St. Mary's dramatic club has some talent that would be a credit anywhere. It was an excellently rendered play, and each one is entitled to praise, and each one is entitled to all the good words they are receiving today. The story of the play is a chapter of romance from civil war history in Virginia, containing scenes that would stir the fires of patriotism in any one. The cast was as follows:

Capt. Robert Farliegh, U. S. A., a Virginian who is loyal to the old flag.....Hubert Zech
Luke Ransome, a rebel spy in the Federal camp.....Will Blatter
General Haverill, U. S. A.....Will Linneman
Michley, a "poor white"...John Gross
Ezekial Grubbins, from "way down in Maine".....Noah Thompson
Old Uncle Joe, imaginative coon.....Fred Thompson
Arthur Trevallen, a young hopeful.....Paul Thompson
Virginia Graham, a daughter of the "Old Dominion".....Bertha Kirch
Mrs. Trevallen, a marriageable widow, later Mrs. Ezekial Grubbins.....Theresa Yehle
Kitty Cloverdale, the general's niece, a charming rebel.....Alvin Herwick
Period—The civil war.
Place—Washington and Shenandoah valley.

Manual Training Exhibit.

Each term's work in the manual training department of the Fifth District Missouri State Normal develops into better work and better designs. As proof of this the director of the department has arranged the articles made by the bench work classes of the fall term in room 103 in the Normal building and extends an invitation to the student body, the faculty and the rest of mankind to drop in at any hour on Wednesday and inspect the work.

To Have Court in Arkoe.

A session of town court will be held in Arkoe this evening before J. T. Goff, who is chairman of the board of trustees of that town. Last Wednesday a free for all fight was held in that town between Sam Schneider and Ray Rainey on one side and John and Roy Jackson and Albert Collins on the other side. W. A. Blagg and Ellis Cook went to Arkoe this evening, where they are to represent parties in this case.

Des Moines Guests Leave.

Mrs. W. T. Graham and daughter, Mary, and Miss Colbert left for their home in Des Moines, Ia., Tuesday, having been guests since Sunday at the home of their brother, Dean C. H. Colbert, and family.

DR. STUART ON NOVEMBER 30.

The Popular Lecturer Will Be Here at That Time to Give Second Number of Course.

On account of the Thanksgiving vacation, Dr. H. K. Taylor attempted to change the date of the lecture of Dr. George H. Stuart, who will appear as the second number of the Normal lecture course, on Saturday night, November 30. But owing to complications in the doctor's itinerary it was impossible to make that change. The people of Maryville will be mighty glad to hear the popular lecturer of the 1912 Chautauqua at any time.

TO CLOSE WEDNESDAY.

Normal Fall Quarter Has Been a Success—Winter Quarter on Monday.

The fall quarter of the Northwest Normal, which closes Wednesday, Nov. 27, has an increase in the enrollment as compared with the fall term of 1911 of twenty-six. Although that is not a phenomenal increase it demonstrates the fact that the enrollment of the school is slowly but surely climbing.

Practically all the fall students will return for the winter semester, and the school authorities have received a goodly number of communications from prospective students for the winter quarter, which opens on Monday, December 2.

THREATENED A BAD FIRE.

Coal in the Furnace Room of Mrs. Laura Beal's Residence Caught Fire Saturday Evening.

The residence of Mrs. Laura Beal, on East Fourth street, narrowly escaped burning Saturday evening. While Mrs. Beal and Misses Allie and Bertha Beal were sitting in the library that evening about 7:30 o'clock, they noticed the smell of burning pine. On investigation they found the coal on fire in the furnace room, which is under the library. The flames were leaping to within an inch or two of the ceiling of the furnace room, and would soon have caught the floors above.

It is supposed the coal caught from burning soot, for the furnace flue was found to be cracked from excessive heat, and it is supposed the burning soot dropped through on the coal. A small pine board standing against the flue was also burning, and the coal may have caught from it. It is certain the fire was not caused by combustion, as the coal had been in the fuel room but a day or two.

The fire was extinguished by the use of garden hose at the Beal place, and neighbors came to assist and had the fire out before the arrival of the fire company. It was fortunate the fire started when it did, as the smell of burning pine would not have aroused the family from sleep. No damage was done, not even from smoke, as the upper part of the house was quickly shut off when the fire was discovered.

STUDIED LAW HERE.

Jack Slate, Who Was Elected Circuit Judge in Fourteenth Circuit is Known in Maryville.

Jack Slate, who was the successful candidate for circuit judge of the Fourteenth judicial circuit of this state, is known in Maryville, as he studied law under Judge W. C. Ellison in 1887. Several persons here remembered him well. The following is a dispatch to the St. Louis Republic from Jefferson City in regard to Mr. Slate's election:

Democratic state officials are congratulating Jack Slate, judge-elect of the Fourteenth judicial circuit, on his victory over Judge John M. Williams, who ran on both the Republican and the bolters' tickets.

It was not definitely known until Saturday night that Slate had won. The circuit two years ago went heavily Republican, and it has not been Democratic for many years.

The majority of Judge Slate is about 250. Today Judge Williams sent the victor a letter of congratulation, admitting defeat.

The circuit is an important one, because it includes the circuit court of Cole county, located here. All litigation in connection with state departments commences here.

Judge Williams was appointed by Gov. Hadley to fill the vacancy caused by the death of Judge Martin, a Republican, elected two years ago.

Home for Thanksgiving.

Ralph Jamison arrived in Maryville Monday night from Waterloo, Ia., to spend the Thanksgiving vacation with his parents, Mr. and Mrs. Fred Jamison. When Ralph went to Waterloo last September he was car accountant for the Chicago Great Western railway, and held that position until he came home on his vacation trip. When he returns to Waterloo he will take a better position offered him by the Waterloo, Cedar Falls & Northern railway at Waterloo, and will be in the freight offices as checking clerk. Ralph is climbing right up, just as The Democrat-Forum thought he would. He was a valuable daily carrier for this paper and we were sorry to lose him, but we take pride in his advancement.

Sues Man for $4,000.

Miss Flora Rogers, employed as a domestic in the home of John Hoshor, southwest of Maryville, filed suit Monday against Guy Gray for $4,000 damages. The petition recites that Gray quarreled with the young woman and struck and beat her. The alleged assault took place November 8 at the Hoshor farm.

HELD FOR POSTAGE

FATE OF PARCELS WITH ORDINARY STAMPS AFTER JAN. 1.

CITY PEOPLE MUST WALK

Carriers Won't Take Their Parcels, But Country Folk Fare Better on Rural Routes.

Some new and important rulings about the parcels post which will go into effect January 1 have been received at the postoffice here.

The most important is that all merchandise which now comes under the head of fourth class mail matter will, after January 1, be under the rules governing the parcels post, and this includes all fourth class matter weighing four ounces and less. After January 1 all such matter, as well as all matter that comes under the parcels post, must bear special parcels post stamps and the name and address of the sender. Otherwise it will be treated as "held for postage." Ordinary postage stamps will not carry anything classed within the parcels post.

The rate for all fourth class matter weighing not more than four ounces will be one cent for each ounce or fraction of an ounce, and on such matter in excess of four ounces the rate will be by the pound.

Heretofore it was supposed that nothing costing less than the pound rate could be sent by parcels post.

Another ruling which the postmaster received was that farm and factory products will be admitted to the parcels post under certain regulations to be found in the parcels post guide now in the hands of the printer and to be sent to every postmaster in the United States before January 1, together with a map showing at a glance how much it will cost to send a parcel from any point to another. These guides and maps will be on sale at every postoffice before the first of the year.

Another new ruling received today is that seeds, cuttings, bulbs, roots, scions and plants may be sent through the mails under regulations as to size and weight which will be found in the new parcels post guide, but at a special rate of one cent for two ounces or fraction thereof, regardless of distance within the United States.

All parcels after January 1 must not only bear the distinctive parcels post stamp, but within the city must be deposited at the postoffice. Now a person may wrap up a parcel, weigh it and affix the necessary stamps and hand it to a mail carrier, but there will be none of that after January 1. It would make too much work for the carriers.

But under the new ruling received carriers on rural routes are authorized to receive parcels when properly wrapped and stamped. The parcel must not be more than seventy-two inches in combined length and girth.

The postoffice department will indemnify shippers for all goods damaged or lost in the parcels post.

One More Confession.

A full house and a great deal of interest was taken in the Christian church meeting Monday night, conducted by Evangelist W. E. Harman. Mrs. F. P. Robinson sang "God Will Take Care of You." There was one more confession and seven were baptized after the services and two were baptized in the afternoon. Baptismal services will be given again on Friday evening.

Taken to Hospital.

Mrs. Edgar Pence of Clearmont was taken to Ensworth hospital in St. Joseph Monday morning by her physician, Dr. W. B. Heryford. Mrs. Pence will be operated upon for appendicitis.

LEFT FOR CHICAGO.

Carl Wright Left Tuesday in Company With His Mother for Treatment With the Great Dr. Murphy.

Mrs. E. A. Wright and Carl Wright left Tuesday for Chicago, where Carl will be examined Wednesday by Dr. Murphy, the great specialist in bone diseases. Mrs. Wright will remain with her son over Thanksgiving day and will return to Maryville the last of the week, leaving Carl to Dr. Murphy's care.

Carl left Maryville in company with his father three weeks ago for Chicago, but on arriving at Centerville, Ia., where they stopped for a short visit with relatives, they received word from Dr. Murphy that he had been called out of Chicago on professional business and would not be in that city again until November 25.

Carl was in excellent spirits Tuesday and was so anxious to go that he could scarcely wait for the train to come in. He is a fine little fellow and will more than repay the effort made in his behalf by the people of our city if the treatment is successful.

TO A SPECIAL TERM

ADJOURNMENT WILL PROBABLY BE TAKEN TO DECEMBER.

A CHURCH INCORPORATES

Petition and Articles of Agreement Filed by the Christian Scientists—Minor Cases Disposed Of.

The November term of circuit court will probably adjourn Saturday to a special term to be held on December 16. Several cases will come up at that time and two criminal cases, that of James Lane, charged with assault with intent to kill, and Charles Robinett.

David Nelson, who was charged with running a common gaming house, was tried before a jury Monday afternoon and they were unable to agree and were discharged. The cause will be tried again. The vote of the jury, it is said, stood eleven for acquittal and one for conviction.

Emmett Growney, charged with common assault, the prosecuting witness being John McGarry, was fined $40 by the jury.

The case of Roy Yeaman, charged with gaming, was tried Tuesday morning and the jury returned a verdict of not guilty.

The two cases of the state vs. Fred Green, charged with the violation of the local option law, were dismissed.

William Lindsay, charged with disturbing the peace, pleaded guilty in court Tuesday and was fined $100 and given a jail sentence of six months in the county jail. However, he was paroled for good cause shown and upon the payment of $50 of the fine and the costs in the case.

The following criminal cases were nolle prossed by the prosecuting attorney:

Jesse Hartness, charged with gaming; Glen Carter, charged with violation of local option law; Walter Huddleson, charged with gaming; Samuel Schneider, charged with disturbing the peace of person; Samuel and George Schneider, charged with disturbing the peace of neighborhood.

These cases were continued by agreement of prosecuting attorney and the defendants:

William Curnutt, charged with burglary and larceny; Arch Davis, charged with violation of local option law; Wm. Vance, charged with carrying concealed weapons; J. W. Hall, charged with carrying concealed weapons; Millard Lash, charged with carnal knowledge.

In the matter of incorporation of the First Church of Christ Scientist of Maryville, petitioners filed incorporation papers and articles of agreement.

NO WORD RECEIVED.

Unless Something in Regard to Corbett is Received This Week the Body Will Be Buried Here.

The Maryville Furniture company has received no word today from Hood River, Ore., in regard to Sam Corbett, who was killed a week ago Saturday by a Wabash freight train near Bedison. It is thought that Harry L. Moyer, who resided near Crawford, Neb., and left that place for Hood River, may throw some light on who Corbett was. Word was sent to Hood River last Saturday but no reply has been received.

Unless something tangible comes from this clue the furniture company will bury the body at one of the cemeteries here. A picture of him will be taken before this is done, however. The remains have been in the furniture company's undertaking rooms since the accident happened.

Thanksgiving.

The Thanksgiving spirit is over us now,
In praise to our Father in heaven we bow,
Giving thanks for the blessings received in the past
For the bearing of burdens on him that we cast.
We're thankful for old friends we've tried and found true,
And for stirling qualities found in the new.
We thank thee for harvests of bountiful grain,
For God's brilliant sunshine and also the rain,
For gold would be useless but for the alloy,
So we thank thee alike for both sorrow and joy.

Communication

Let the Library Board Act.

Editor Democrat-Forum: The proprietor of the Fern Theater in your issue of last Saturday objects to my criticism of moving pictures when I said that 'some of them are harmful" and he assures us that the pictures at the Fern are all good and that he never heard of a picture put out by the picture trusts that was not "uplifting" and "refined." He says that all pictures shown at the Fern are passed upon by the National Board of Censorship of New York City. I suppose that he thinks this is final as to authority. Why not have our public library, our water supply, and our street sanitation censored and passed upon by a board in New York City or somewhere else? I have seen pictures, not in the Fern Theatre, but they were censored, that are not only not "uplifting" but positively "harmful." When he says that he never heard of such pictures put out by the picture trusts I must conclude that his range of "hearing" is limited, or his standard of "uplifting" pictures is rather low. A book of vicious tendency would not be tolerated in our public library, why then should a picture of such tendency be allowed that is thrown upon canvas to be gazed at by children and young people? I wonder if horrifying railroad wrecks, domestic quarrels, disgusting love scrapes, wild west blood and thunder scenes, robberies, cartoons of many of the sacred relationships of life, and other such topics would be suitable material to bind in a volume and place in our public library? Then why place them on canvas before an audience?

The picture show is a public enterprise and I am not willing that any man or set of men making money out of the show shall pass finally upon its merits as a popular educator. Possibly some of us dealing with the education of thousands of young people have had a better chance to see the effect of some of the "refined" and "uplifting" pictures upon the children of our homes than has the proprietor of the Fern. If he shows only good pictures he ought to be the first man to insist upon a local censorship. I am not assuming such a duty but simply ask that the community be protected in so an important matter. Let the library board be empowered to act in this capacity. I am willing to risk their judgment. I have taken up this matter not to criticise or condemn anybody, or any place, and I hope that the operators of our picture shows will readily co-operate in what must seem to everybody reasonable and right. Rightfully used, I believe that the picture show may be made a valuable educator, but I, as a parent and a citizen, am unwilling that the man who is financially interested shall be the sole judge of how he shall use this public privilege. Very truly,

H. K. TAYLOR.

Causes Dizziness, Nervousness, Sick Headache, Sleeplessness.

MI-o-na Stomach Tablets Banish All Misery, Gas and Sourness.

You know that most of the ailments named above come from an out of order stomach; of course you do.

If your food doesn't digest, but lays heavily on your stomach, it has started to ferment.

When it ferments it sets loose in the stomach poisonous gases which irritate the great nerve that leads directly to the brain from the stomach.

That irritation causes heartburn, dizziness, night sweats, nervousness.

MI-O-NA will end all stomach misery or money back. A large box costs only 50 cents and is sold by the Orear-Henry Drug Co. and druggists everywhere.—Advertisement.

IF A LAXATIVE IS NEEDED—"CASCARETS"

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper Acts on Nostrils.

Take a Cascaret tonight and thoroughly cleanse you liver, stomach and bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out.

Are you keeping your bowels clean with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.—Advertisement.

FIRE DESTROYED BIG STARCH MILL

Twelve Dead, Twenty-Seven Injured in Illinois Blaze.

EXPLOSIONS COMPLETE WRECK

Property Loss Approximately $100,000 —Body of One Victim Blown Into Near-by Cemetery—Under Control But Still Burning.

Waukegan, Ill., Nov. 26.—An explosion which wrecked the dry starch house of the Corn Products company's plant here killed from eight to 12 workmen, injured 27 others, several of whom will die, and caused about $100,000 property damage.

Uncertainty as to the number of dead was caused by inability of firemen to search the burning ruins because of continued minor explosions. Edward Conrad, deputy in the Lake county coroner's office, was authority for the statement that 12 men at least had been trapped in the wrecked building.

Men Known Only by Number.

Charles Ebert, superintendent of the Corn Products company's Waukegan plant, said that only three men had been killed and 27 injured by the explosion. Only 30 men had business in the starch house at the time of the explosion, said Ebert.

Ebert admitted it was possible that additional workmen not employed in the starch house might have been caught in the explosion, but said this was improbable.

Nearly all of the workmen killed or injured were Polish, Lithuanian or Austrian and they were on the company's payroll by number and not by name. This further increased the difficulties met by the coroner in his efforts to determine a correct death list.

Wreckage Widely Scattered.

The explosion tore the two-story frame top house from the five-story building and scattered bits of it for 50 yards in all directions. The body of one man killed was blown across the Chicago & Northwestern railroad right of way to the hillside in Oakwood cemetery.

All of the injured were coated with starch which had to be washed off before surgeons could treat their injuries. Private motor cars were pressed into service to carry the injured to the hospital. Firemen from North Chicago, the National Envelope company's plant and the American Steel and Wire company aided the Waukegan department in preventing spread of the fire to other portions of the big corn products plant. Although the fire appeared to be under control by night, the firemen said they expected it would continue to burn another day, with the possibility that new explosions would start it again.

Railroad Ready to Redeem Promise and Town Prepares for Big Celebration.

Hugoton, Kan., Nov. 26.—A train will be the Christmas present for Hugoton this year. For 25 years Hugoton has been longing and working for a railroad. The Santa Fe now has this new stretch of road nearly finished. The bridge across the Cimarron river is completed and the railroad expects to fulfill its promise to the town and run the first train through Christmas day. The advent of the train will be the occasion of a great celebration in the town. Arrangements are being made already to make it the greatest celebration ever held in the town.

FREIGHT INCREASES SUSPENDED

Interstate Commerce Commission Again Stops Proposed Higher Rates to Missouri Points.

Washington, Nov. 26.—Proposed advances in rates on cotton seed from points in Oklahoma to Kansas City and nearby points were suspended by the interstate commerce commission until July 17 next, pending investigation.

The commission also suspended until March 31, next, proposed advances in rates from four to eight cents on flax tow, flax moss and flax fiber in carloads from Winona, Minn., and other points to Chicago, St. Louis, Kansas City and Missouri river cities.

Joplin Blacks Under Arrest.

Joplin, Mo., Nov. 26.—Pending investigation as to any relation he might have had with Pearl Nugent, a 17-year-old white girl, he employed as stenographer, and who committed suicide in his office, J. N. Brownlee, negro minister and real estate dealer, occupies a cell in the Joplin jail. Another negro, said to have been a frequent visitor to Brownlee's office also was arrested. Brownlee's place has been under police surveillance for more than a week.

WHAT SAVED HER LIFE

Mrs. Martin Tells About a Painful Experience that Might Have Ended Seriously.

Rivesville, W. Va.—Mrs. Dora Martin, in a letter from Rivesville, writes: "For three years, I suffered with womanly troubles, and had pains in my back and side. I was nervous and could not sleep at night.

The doctor could not help me. He said I would have to be operated on before I could get better. I thought I would try using Cardui.

Now, I am entirely well.

I am sure Cardui saved my life. I will never be without Cardui in my home. I recommend it to my friends."

For fifty years, Cardui has been relieving pain and distress caused by womanly trouble. It will surely help you.

It goes to the spot—reaches the trouble—relieves the symptoms, and drives away the cause.

If you suffer from any symptoms of womanly trouble, take Cardui.

Your druggist sells and recommends it. Get a bottle from him today.
